

Program for Dansk Hypertensionsselskabs årsmøde d. 21-22/4 - 2023

Klarskovgaard, Korsør

Friday 21/4-2023

CT-imaging for CV risk stratification (Danish)

- 13.00-13.25 Coronary Artery Calcium Score vs. Plaque morphology (20 + 5 min)
Lektor Martin Bødtker Mortensen, Institut for Klinisk Medicin - Hjertesygdomme, Aarhus Universitet
- 13.25-13.50 Five-Year Outcomes of the Danish Cardiovascular Screening (DANCAVAS) (20 + 5 min)
Professor Axel Diederichsen, Kardiologisk Afdeling, OUH
- 13.50-14.05 Use of Coronary Artery Calcium Score in T2D (The STENO INTEN-CT Study)(10+5 min)
Professor Per Løstrup Poulsen, Institut for Klinisk Medicin - SDCA-Steno Diabetes Center Aarhus / Professor Axel Diederichsen, Kardiologisk Afdeling, OUH
- 14.05-14.20 Free presentation (10+5 min) (English)
- 14.20-14.30 Discussion (10 min)
- 14.30-14.45 Coffee

Lifestyle intervention – Is it worth while doing? (Danish)

- 14.45-15.10 Will a national program on screening and lifestyle intervention reduce the CVD burden in society? (20+5 min)
Professor Torben Jørgensen, Center for Klinisk Forskning og Forebyggelse, Bispebjerg og Frederiksberg Hospital
- 15.10-15.35 eHealth – a way to improve lifestyle intervention? (20+5 min)
Post doc Carl Joakim Brandt, Forskningsenheden for almen praksis, Institut for Sundhedstjenesteforskning, Syddansk Universitet
- 15.35-15.50 Free presentation (10+5 min) (English)
- 15.50-16.05 Free presentation (10+5 min) (English)
- 16.05-16.15 Discussion (10 min)
- 16.15-16.30 Break

Hypertension in children (Danish)

- 16.30-16.55 Hypertension in children - Guidelines (20+5 min)
Dina Cortes, Professor, overlæge dr. med, Børne- og Unge afd., Amager-Hvidovre Hospital og Københavns Universitet
- 16.55-17.20 Pediatric Blood pressure - effects of obesity and genetic predisposition to adult hypertension (20+5 min)
Morten Lund, læge, Ph.D, Holbæk sygehus, Rigshospitalet og Københavns Universitet
- 17.20-17.30 Discussion (10 min)
- 17.30-17.45 Free presentation (10+5 min) (English)
- 17.45-18.00 Free presentation (10+5 min) (English)
- 18.05-18.30 DAHS General Assembly (Danish)
- 18.40-19.10 DAHS walk or run
- 19.30 – Dinner

Saturday 22/4-2023

Salt - for kidneys, blood pressure and society (Danish)

- 9.00-9.25 Treatment with amiloride for Kidney transplant recipients and CKD patients (20+5 min)
Læge, Ph.D ,Gitte Rye Hinrichs, Odense Universitetshospital, Nyremedicinsk Afdeling, Syddansk Universitet, Institut for Molekylær Medicin, Kardiovaskulær og Renal Forskning
- 9.25-9.50 High erythrocyte sodium sensitivity is associated with delayed excretion of a sodium load in healthy subjects (20+5 min)
Professor, Ph.d., Jesper Nørgaard Bech, Universitetsklínik for Nyresygdomme og Blodtryksforhøjelse, Gødstrup Hospital og Aarhus Universitet
- 9.50-10.25 Can sodium intake in society be reduced - and will it make any sense? (30+5 min)
Sektionschef, klinisk professor, Ph.d. Ulla Toft, Center for Klinisk Forskning og Forebyggelse, Frederiksberg Hospital (30 min+5 min)

10.25-10.35 – Coffee

10.35-10.50 Free presentation (10+5 min) (English)

10.50-11.05 Free presentation (10+5 min) (English)

Secondary hypertension (Danish)

- 11.05-11.35 Secondary hypertension –how to find it!
Professor Per Løgstrup Poulsen, Institut for Klinisk Medicin - SDCA-Steno Diabetes Center Aarhus
- 11.35-12.20 Case discussion
- 12.20-12.30 Closing remarks
- 12.30-13.30 Lunch and departure
